

## Does the information from a 5 or 6 part diff vs 3-part diff in hematology justify the cost for most physician offices?

**At a time when all businesses are trying to get “lean”...  
3 part diff hematology is still the *best choice* in most  
physician offices.**

**CBC is the most<sup>†</sup> ordered lab test**

Medonic M-Series is the Top Selling\* 3-part diff Hematology

Analyzer for 5 consecutive years.

†CBC with differential, blood. Mayo Medical Laboratories. <http://www.mayomedicallaboratories.com/test-catalog/Clinical+and+Interpretive/9109>. Accessed Aug. 29, 2016.

\*According to hematology sales data collected by Global Healthcare Exchange LLC., a leading U.S. based Healthcare Business and Data Automation Company for 2015, 2016, 2017, 2018, 2019
